Basic Wagering

WIN Your horse must finish first. (On average 30% of favorites win.)

PLACE Your horse must finish first or second. (On average 45% of favorites win or place.)

SHOW Your horse must finish first, second or third. (On average 65% of favorites win, place or show.)

ACROSS THE BOARD You are betting equal dollars on win, place and show bets on one ticket. You'll collect all three payouts if the horse comes in first; place and show if your horse comes in second and show only if the horse comes in third. A \$2 Across the Board wager will cost a total of \$6.

EXOTIC (MULTI-HORSE) WAGERING

EXACTA You must select the first two horses in the exact order of finish. A favorite bet because of the potentially big payouts.

TRIFECTA You must select the first three horses in the exact order of finish. It's difficult to pull off, but in addition to a huge potential payoff, you get bragging rights for the next 24 hours, as in "I hit the trifecta!"

SUPER FECTA You must select the first four horses in the exact order of finish. (See trifecta for bragging rights.)

BOX The term "box" tells the mutuel clerk that you want all possible combinations of the horses selected in wagers such as exactas, trifectas and superfectas. If you are boxing an exacta with 2 horses, it will cost you double your amount wagered.

Payouts

The odds next to each horse's number on the tote board and the TV screens forecast how much that horse will pay if it wins the race. The horse that has the most amount of money bet on it to win is the favorite and has the shortest odds. In racing, you are betting against everyone else. The odds are determined based on how much is bet on each horse. The odds simply reflect the crowd's opinion about who will win the race. Based on a \$2 wager, the following payouts include the original \$2 bet

ODDS	PAYS
2-1	\$6
5-2	\$7
3-1	\$8
7-2	\$9
4-1	\$10
9-2	\$11
5-1	\$12
6-1	\$14
7-1	\$16
8-1	\$18
9-1	\$20
10-1	\$22
